

Statement of Values

Our mission: *Uniting our local community to safeguard Canonbury's built and natural environment.*

Our committee: *The Canonbury Society is led by volunteers from a diversity of backgrounds and occupations committed to working together for the greater well-being of Canonbury.*

Our five values: Statements and guiding principles that define what is important to the Canonbury Society committee and steer the way we work.

Civic responsibility: We work in the best interest of the Canonbury community while respecting the concerns of society at large.

Fairness: We are independent and use our best judgement based on relevant information and evidence to make decisions and take actions. We act with integrity, openness and impartiality. We are accountable to our members.

Inclusivity: We are open to all in the Canonbury community. We encourage neighbourliness, community engagement and participation. We promote and support local organisations challenging inequality and tackling poverty.

Influence: We foster a pro-active relationship with our local authority -- Islington Council, Canonbury Ward Councillors and others. Our voice is heard, respected and able to influence decisions affecting Canonbury.

Cooperation: We value partnerships with other organisations striving to protect and enhance our heritage, our environment and our community.
